

# Nonviolence for a Change Training 2009

## Year-group application form

The course is a core training programme for those wanting to deepen or become more effective in their activism, or develop as nonviolence facilitators/trainers. It is suitable for those with some experience of trying to change something with others.

We are keen that those who attend will gain maximum benefit from it and be able to apply their learning for practical action. We also know that the way we work is most effective with smaller groups. For these reasons places are limited and we have a selection process. We'd be grateful if you would complete this form and return it via email as an attachment, or simply send the same information in the body of an email. You may post your application as well.

*Please return by 12 December:*
